

TRAINING NEEDS ASSESSMENT

Employment Training Panel (ETP) funded training is aimed at retraining workers in companies facing out-of-state competition in the skills necessary to compete in today's high-tech economy. ETP wants to ensure that the training is driven by the company's need to train its employees to remain competitive. ETP is committed to making sure that the training provided is customized to the needs of the business and its employees. This form is designed to conduct a Training Needs Assessment to understand your training requirements. Your feedback is critical to developing a curriculum that meets your needs and will make you productive in your environment. Please take a few minutes to answer the questions below. If you would like to provide detailed answers to any question, attach extra pages at the end of the form.

Keeping your business goals in mind, please identify the subject areas in which you/your team needs training. Your answers will help us customize the curriculum to meet your needs.
